The Heart of Childhood

WELCOME FAMILIES,

Precious Memories **Place** is a preschool and childcare center, time-honored for its high quality approach and attention to detail at all levels. At our preschool we've created a special place for children to not only grow and develop along the way, but a place for them to CELEBRATE each and every step.

Precious Memories originated back in the fall of 1989 in the small town of Fairhaven, MA. As the original founder and creator, I am proud to share my innovative and ever-evolving Preschool and Lifestyle Center. Thirty-five years and six centers later, I've designed a secure and comfortable place where your child's physical, emotional and academic journey begins. As a comprehensive childcare center equipped with an experienced and educated team we supply the highest of quality care, guidance and family-serving programs.

As a professionally-trained Life Coach I believe in strong role modeling, self-awareness, reflection and tools to live a healthy-minded life filled with confidence, motivation and pride.

"Children are my passion and their happiness and a strong, positive beginning is my goal. I couldn't feel more complete in the career path I've chosen. I've built decades of Precious Memories with the help of your children!"

Kindly,
Christine Eckersley

THE JOURNEY OF LIFE

The Journey of Life begins in our hearts
With each new step, we embark at the start.
Love, hope, and inspiration pave the way,
As we look forward to each new day.
Through listening, caring, and sharing,
Feelings begin to show.

This life has a whole lot in store for us,
This we know.

Our respect and honesty make us good & strong,
But it is our love for one another
That helps us get along.

The road is wide before us,
Good choices are a must,
And all good friendships begin with trust.

Watch us change and watch us grow,
What we become is up to us you know.

And like we said at the start,
The Journey of Life begins in our hearts.

OUR PHILOSOPHY

Our philosophy is designed to enhance a healthy life style while promoting self-confidence and security. Our environment encourages a positive outlook with a never ending desire to grow and achieve through fostering ambition and exploration. Peace and empathy are inspired within all daily happenings. A feeling of respect and admiration surround each and every child.

Welcome to Precious Memories **Place**. We are a learning and development center designed to provide children with experiences that support growth socially, cognitively, emotionally and academically. We provide a warm, home-inspired atmosphere where the children can feel comfortable, secure, and encouraged.

We believe that the preschool day should reflect an interest in the whole child. Each child has physical, social, emotional and cognitive needs that must be enhanced. Personality traits develop during these stages and a healthy foundation promotes an enriched, well balanced journey through life. An attentive program includes stability and regularity while allowing for flexibility. A familiar pattern enables the child to take part in routines more easily, and creates a sense of security. It is also necessary for the teacher to be in tune with the children's needs and desires, and to be willing to adjust as the child's needs change.

It is important at this developmental level that learning be based on actual experience and participation. At our center, we fulfill these goals and meet the expectations of our children and families. Through our constantly striving efforts to learn and grow, we not only aim to satisfy your child's needs, but also enrich his or her life.

We hold special pride in the center's professional staff. Selected for their knowledge of child development as well as their interpersonal skills, they are the strength of our program. When visiting Precious Memories **Place**, please take time to listen, to watch, and to learn from this unique group. They are chosen for their compassion, empathy and commitment to supplying a safe place for your children to flourish.

*Consider us your "home away from home" and your "extended family."
Together we create a strong foundation for your children.*

Center Guidelines

- Tuition is due and payable on the first day of each week the child is enrolled in the preschool regardless of attendance, i.e. sick days, vacation, holidays, center closings.
- Any tuition payment received after the last day of the week will result in a \$10.00 late fee. After two weeks of non-payment, a conference will be requested and your child's secured slot will be at risk.
- After two checks returned from the bank for non-sufficient funds payment must be made by money order, bank check, cash or credit card. There is a returned check fee of \$30.00.
- A child may be suspended or terminated due to lack of tuition payment.
- No reduction in tuition is made for illness, vacations, holidays, center closings or other withdrawals.
- You are responsible for the days you have registered for.
- Due to staffing and the number of children allowed per day, we can not allow for make-up days or switching of scheduled days.

Withdrawals

It is the parent's responsibility to submit a written notice two weeks prior to their child's withdrawal from the center. If no advanced written notification is received, parents are held responsible for their child's contracted tuition fee for the two weeks.

Non-Discrimination Policy

Precious Memories **Place** does not discriminate on the basis of national origin, race, religion, cultural, heritage, political belief, marital status or disabilities.

Notification of Change of Policy

Parents will be notified regarding any changes to policy.

Termination Policy

Precious Memories **Place** has the right to terminate a child or family from the center if necessary.

The center leaves the discretion up to the administrators for termination.

The following reasons are included, but not limited to:

- Lack of tuition payment
- Lack of updated physical examination form in child's folder
- Lack of following through on Center Policies
- **PMPlace** operates with a healthy family trust and relationship, lack of maintaining this professionalism can result in family termination.
- Zero Tolerance Behavioral Policy

Parent - Teacher Relationship

Precious Memories **Place** has an "Open Door Policy" so parents are welcome to visit the center at any time without prior scheduling. May be subject to change due to COVID, health or safety concerns.

Monthly newsletters are available to keep parents informed of the center's activities and are available on our website and in our Parent Area. "Daily Reflections" are utilized at the infant, toddler and pre-school levels to keep our parents informed on a daily basis. They include the following: potty & nap schedule along with meal information. Additional parent conferences are also available upon request.

For your convenience:

- We have "Add a Day" slips at the office to request any additional days needed outside of your regular schedule. Acceptance is based on daily availability.

School Snow Policy

Precious Memories Place makes every effort to maintain operation during most weather conditions. In the event conditions have been labeled a state of emergency, the center will close for the safety of our children, their families, and our staff. In keeping with this policy, Precious Memories Place may opt to delay the opening of the center or close earlier in the afternoon, if we feel that conditions are not safe.

All school closings, delays and updates, due to extreme weather conditions on television Channel 30 (NBC CT), our instagram, facebook and on the center's answering machine.

Babysitting Policy

This policy is for staff and parents who wish to make arrangements for babysitting outside of preschool hours.

We understand that some staff may be approached by parents who wish to employ them for babysitting duties outside of preschool hours, this may include taking the children home from preschool, bringing them into preschool in the morning, and nights and weekends.

At Precious Memories Place, we have a diligent recruitment procedure to ensure that we employ competent and professional members of staff, and uphold our duty to safeguard children. Unique philosophy trainings, paid CPR, first aid and medical administration certification, regular motivational trainings and life coaching strategies are all part of our extensive hiring process. We also supply the manpower to retrieve criminal background checks, updated medical requirements and reference checks.

Precious Memories Place does not have control over the conduct of staff outside of their position of employment, and our duty to safeguard children as above does not extend to private arrangements.

Please Note:

- Precious Memories Place will not be responsible for any private arrangements or agreements that are made between members of staff and parents/caregivers.
- Precious Memories Place will not take any responsibility for any health and safety issues, conduct, grievances, or any other claims arising out of the staff member's private arrangements outside of preschool hours.
- In the event that private babysitting duties are viewed to interfere with any aspect of the staff member's employment, we may require that the agreement be terminated.
- Confidentiality of children, other staff members and all clients must be adhered to and respected.
- Parents should be aware that other adults accompanying a babysitter may not have the relevant Criminal Records Bureau clearance, and it may not be appropriate for them to care for children.
- No member of staff will take a child from Precious Memories Place unless they are a named person on the child's record.
- Precious Memories Place does not condone families approaching staff for nannying or babysitting services during hours of operation. Intent to do so can result in termination from the center.
- Precious Memories Place does not condone staff nannying or babysitting during hours of operation. Intent to do so can result in termination from the center.

Meals and Nutrition

Precious Memories **Place** is a peanut-free establishment. Due to severe peanut allergies we are requesting that families not bring in any foods that contain peanuts or peanut butter. We are also asking that you and your child refrain from foods containing peanuts or peanut butter on the days your child attends the center.

The Center supplies a nutritional breakfast of toast, cereal, bananas and milk from 7:00AM to 8:30AM. Nutritional snacks of goldfish, veggie sticks, cheerios, wheat thins, raisins, craisins, cheese & crackers, yogurt, hummus & cucumbers, bananas and applesauce are served in the morning and the afternoon.

Lunch is prepared and served daily by a certified cook. Meals are nutritional and designed to foster healthy eating habits. We serve hormone free milk, whole wheat bread & pastas, and we avoid red meat & butter.

The following is a list of suggested meals for those who wish to bring in their own lunch.
(We will not accept peanut products or ingredients containing peanuts.)

Possible lunch meals to bring in:

- Sandwiches/Bagels

PMPlace's Quality Points

- **A Stimulating Environment:** the classrooms are inviting and challenging without being intimidating. They are cozy, comfortable and offer acceptance and encouragement.
- **A Variety of Materials:** the classrooms offer a large assortment of gross motor and fine motor activities, that are rotated often, to enhance the learning process and foster healthy physical and emotional development.
- **A Productive Environment:** the classrooms operate on a positive level and stimulate learning through a multi sensory process.
- **An Organized Approach:** the administration and classroom are highly organized with a strong emphasis on commitment and follow through. The center strives to maintain a controlled atmosphere with defined limits to ensure a comfortable yet safe environment.

Programs

We offer a safe and healthy environment with individual programs and with an emphasis on positive character building and strong self-esteem developing. The center is equipped for Infants, Toddlers, Pre-Schoolers, Pre-Kindergartners and School Aged Children.

In the **Infant Program**, our staff is mature and nurturing as well as responsible and well trained for this developmental stage. The philosophy and purpose of the Infant program is to supply all the comforts of home. They receive lots of tender loving care and stimulation through activities designed specifically for this age group. The teacher follows each child's individual daily schedule provided by the parent and they record the days' events.

The philosophy and purpose of the **Toddler Program** is to foster social interaction and support independence through furthering self-help skills. An inviting, energetic atmosphere contributes to creative play. Our daily schedules offer structure, yet are flexible to the individual needs of the children. The toddler curriculum explores and challenges play, social interaction and character building.

The philosophy and purpose of the **Introduction to Pre-School Program** is to foster social growth and lots of exploration. Challenge is shared between students and teachers to encourage motivation and introduce a commitment to learning. An extensively themed environment, with many opportunities to observe, research and self express, offers an inspiring atmosphere for both growing and learning.

The philosophy and purpose of the **Pre-Kindergarten Program** is to prepare children socially, emotionally and academically for Kindergarten with use of Connecticut Early Learning Development Standard guidelines. The center-based program promotes challenge and self-discipline and encourages self expression and an eagerness to seek and gain knowledge.

The Neighbors and Nature School Age Program: Precious Memories **Place** is collaborating with our neighbors at the Denison Pequotsepos Nature Center Coogan Farm to provide an enriching Before and After School experience for School Aged children. In this program children will benefit from all that Coogan Farm has to offer; indoor and outdoor spaces to explore and learn about nature. Areas of focus and exploration: Nature safety, animals and reptiles, nature maintenance, gardening, cooking, campfires, outdoor games, crafts. Servicing children up to age twelve.

Throughout these stages, children will form friendships and memories to take with them forever.

Curriculum

Our activities and room structure reflect our philosophy. Just as the social, emotional and cognitive development of a child overlaps and intertwines, so do the activities and arrangement of the room. Lesson plans and areas of the room are arranged in a distinct pattern and are created so the child may interact with their environment. The room also encourages independence and creativity, while preparing children for success, a passion for learning and strong tools for living a balanced life.

The children move freely throughout their rooms and may use the materials to meet their needs. Respect for each other and the environment are always encouraged. There is a strong focus on achievement and enthusiasm through team work and perseverance. The center's curriculum is designed for each child's individual growth. Children are grouped according to age and ability. Daily activities aim to meet, as well as challenge each of their interests.

Soaring & Exploring Revolutionary Academics

Through our progressive activities, concrete learning opportunities, and support from our teachers, your child will soar through creating their academic foundation. Themed monthly units define our focus and direction while allowing space for self-expression and creativity. Each themed unit is inclusive of STEAM (Science, Technology, Engineering, Art and Math) activities and CT ELDS (CT Early Learning Development Standards).

It is important to know that everything a child does throughout the day is a learning experience and it contributes to their process of development.

Discipline

Discipline is considered a very important part of a child's education, and it is only through proper discipline that a child is able to learn appropriate from inappropriate. At the center, discipline is administered through positive guidance, redirection, and reflection. Should a child exhibit inappropriate behavior, he/she is approached by a teacher to discuss the child's behavior. If necessary, the child is then escorted to a designated "reflection" area in the classroom based on the age of the child - no longer than one minute per year of age. This allows the child to reflect on his/her actions before returning to the group. There is continuous supervision by staff during redirection. We also utilize calming corners, positive reinforcement, redirection and "time in" areas.

There is:

- NO Corporal Punishment, including Spanking
- NO Cruel or Severe Punishment, Humiliation, Verbal Abuse, Frightening Punishment, or Neglect
- NO Denial of Food as Punishment
- NO Punishment for Soiling, Wetting, or Not Using the Toilet
- NO Physical Restraints, unless such restraint is necessary to protect the health and safety of the child or other people.

Clothing

It is advised that children wear play clothes to school due to the variety of activities they are involved in, both inside and outside daily. It is encouraged to keep an extra outfit in your child's cubby for special occasions or for after-school plans.

The center recommends clothing that can be easily handled by the children to foster personal independence in the bathroom and for their comfort throughout the day.

All parents/guardians are required to bring a complete change of clothes, including underwear and socks, to be stored in their child's cubby. All before and after school children should bring a back pack daily for all personal supplies. Please label all children's clothing with their complete name.

Parents/guardians of infants and toddlers are to supply their child's diapers, and any other necessary items. Baby wipes are provided by the center. Each child has a cubby supplied by the center for all personal items.

Infant 1 + 2 Schedule

Operates with a 2 teacher to 8 children ratio
Group size no larger than 8 children.

Bringing your new baby to childcare can be an emotional decision for a parent. At Precious Memories Place we make this transition as comfortable as possible for both you and your child. Our main objective is to provide a warm, welcoming and safe environment where your child can thrive and grow to their full potential. Our goal is to create a setting where parents and children feel secure and supported.

In our youngest classrooms, caretakers follow each infant's individual schedule. We aim to keep your baby's routine as consistent as possible to your routine at home. This first year of your infant's life is a time of growth and change; strong communication between you and your child's teacher is essential. Parents will find plenty of opportunity to talk to the staff at either drop-off or pick-up time and we have an open door policy where you may call or pop in at anytime. In our Infant 1 & 2 classrooms the age ranges typically from six weeks to one and a half years old. Infants receive plenty of tender loving care, floor play, singing, stories and one on one teacher time. Your baby will make new friends, grow and learn in a caring and safe surrounding.

As Children grow and develop, they will move to Infant classrooms 3 & 4. Here they enjoy a daily routine with a snack, lunch and afternoon nap. Children enjoy dance, movement, beginning art projects and a variety of activities that encourage skill building and self-expression. Circle time, dramatic play, and outside activities are also a part of each day's curriculum. Kindness and empathy are emphasized in all classrooms as your children build social skills and lasting friendships.

At Precious Memories Place, we are able to individualize our program to meet the needs of each child and all of the information from their day will be sent home in the form of a "Daily Reflection".

Table Talk Program

A program designed to promote social skills, sharing, growing and self-confidence. Decorative boxes, that contain thought provoking questions, are provided for each classroom. During lunch time, teachers sit at the table with the children and pull questions from the box to create discussion and camaraderie, while fostering self-expression and self-confidence.

Treasured Time Program

Group interaction and socialization are important to the development of young children, but a little one-on-one can make them feel very special!

A weekly program that allows for "one-on-one" activities and time together with a staff member of your choice for a twenty minute session four times per month. The following is a list of activities the children can choose from on a weekly basis.

Birthdays

Birthdays are special at Precious Memories Place and each child's birthday is acknowledged. The child's name is posted on a birthday award on the door of the classroom. Recognition is given at "circle time." We also offer complete pizza parties here at the center as well! Choose from your child's favorite theme and leave the rest up to us. Parties include pizza, dessert, goody bags, table decorations, classroom decorations and more. Items may be ordered a la carte or as a complete.

Global Trotters

The Adventure begins here....

As global trotters we choose our means of transportation, find our special location and update our passports as we prepare ourselves for departure! This cultural experience is in our extensive preschool curriculum.

Through in-house traveling:

- We explore countries, their history and culture, while also experiencing some of their well-known foods and customs.
- A few of the countries we visit: Brazil, Japan, France, Egypt, Australia, Mexico, India
- We learn the many ways to travel and all that is needed to travel.
- We explore the world map through the eyes of a child.
- Through music, artifacts, food, animal, language and natural wonders we explore our precious world together.

Travelers Welcome!

Health

- It is required that each child have an updated physical examination and record of immunizations upon admission to the center. This material is kept confidential in each child's file and must be updated annually, as mandated by the Department of Public Health.
- There is a designated rest area away from the children for any child who is not feeling well. Any child diagnosed as having a communicable disease is not allowed to attend school and the parents are required to notify the directors immediately.
- All children's allergies are posted in the kitchen and in each classroom. We will protect children from exposure to foods, chemicals, or other materials that may cause an allergic reaction.
- Parent /guardian will be notified by phone of any minor injuries or incidents involving their child that requires first aid. An injury report will be maintained in the child's file.
- The center ensures that all equipment, items and surfaces are washed with disinfectant solution (bleach and water). The sanitizing solution is prepared daily. All such disinfectants are stored in a secure place and out of the reach of children.
- The following consultants are available to the center at all times: Registered Nurse Consultant, Dental Consultant, Nutritional Consultant and Social Services Consultant.
- The school nurse visits weekly and monitors children's health and their health records.

Safety

- For the safety of the children fire drills are held regularly. This is to demonstrate how to leave the building safely in case of fire or an emergency.
- Safety buttons that are connected to a central alarm station are worn by administration.
- There are code systems in place at the front and back doors. All exterior doors maintained locked during the day.
- The main office is located at the entrance to monitor arrivals.
- Children stay on site throughout the day. They are not transported to other locations.

Training for Administering Medications

There shall be an individual trained in the administration of medications on the premises at all times. The training shall be conducted by a physician or a registered nurse in the proper methods of administering medications.

- All training will be documented.
- Training should include, but not limited to:
 - Administration of medication
 - Safe handling and proper storage
 - Documentation and recording
- The center is prepared to administer an Epi-pen injection in an emergency.

Administration of Medications

No medication that is ingested, inhaled, or injected, (prescription or non-prescription) shall be administered to a child without a written order of a physician or dentist (licensed in this state or any other state). The form must indicate the exact name of medication, child's complete name, dosage and directions, time and dates medication is to be administered and the written permission of the parents.

All prescription medications shall be administered in accordance with the written orders or directions of a physician or dentist. If a physician or dentist determines that the training of certified unlicensed personnel is inadequate to safely administer medications to a particular client then the doctor or dentist can order the administering of medications by licensed personnel.

Individual medication administration records for each child shall be written in ink, posted and maintained on a form approved by the department.

Topical Medications

The following topical medications are exempt from a physician's permission form, but do require that parents or guardian sign an annual release form available from the administration:

- Diaper changing ointments
- Medicated powders
- Insect repellents-only all natural & non-toxic versions permissible.
- Teething medications

Teacher Referral Procedure

In the event an ongoing challenge arises within a child emotionally, cognitively and/ or academically the teacher will reach out to the parents for their input. At this point the teacher will also inform administration and together a plan to move forward, with everyone in agreement, is set in place.
